# GENTLE ON SKIN, HARD ON DIRT

## FOAMING HAND WASH

FOAMING HAND WASH is a gentle hand cleanser for use in offices, washrooms and factories where moderate to light soilage must be washed from the hands.

LET'S TALK

### WHAT IS FOAMING HAND WASH?

FOAMING HAND WASH is a non-thickened liquid hand soap that provides a rich foam lather. It is designed to be dispensed from special foaming hand soap dispensers that deliver the soap in the form of a foam rather than a liquid or lotion. This is a more economical way to dispense the hand soap.

FOAMING HAND WASH instantly produces a rich lather that floats away dirt and grime from the hands and leaves the skin soft and supple.
