

SOFT CLEAN HANDS WITH **HANDPASS**

Handpass is a gentle foaming hand cleanser for use in food-handling areas where moderate to light soiling must be washed from the hands.

LET'S TALK **WHAT IS HANDPASS?**

Handpass is an antibacterial foaming hand soap enriched with aloe vera and other moisturisers that care for the skin.

Designed for special foaming dispensers, it offers efficient and gentle cleansing suitable for food handlers, leaving hands soft and hygienic.

Handpass 5L HANDS
Plastic foaming soap dispenser,
white, long, with 1L reservoir SPD3R

KEY BENEFITS

**KILLS
GERMS**

Eliminate harmful germs and bacteria

**GENTLE &
EFFECTIVE**

Gentle enough to be used throughout the day

**COST
EFFICIENT**

Economical with controlled dispensing

**FRAGRANCE
FREE**

Fragrance free perfectly suited for any food preparation/handling area

WHEN & HOW TO USE

Handpass is used to clean hands and kill germs. Handpass instantly produces a rich lather that floats away dirt and grime from the hands and leaves the skin soft and supple. Use Handpass in between handling different foods to avoid cross contamination and keep hands clean.
