

# JACKPOT

JACKPOT is a high foaming, non-caustic powerful detergent designed for use with foam guns, foam systems and pressure washers.

JACKPOT 5L JAC5  
JACKPOT 20L JAC20

## WHEN & HOW TO USE

**Light Soilage:** Dilute 1 part JACKPOT to 60 parts with water.

**Heavy Soilage:** Dilute JACKPOT to 1 in 6.

**Scrubbing floors:** Dilute 1 part JACKPOT to 50 parts with water.

On vehicles use JACKPOT at 1 in 10 to spray wheels. Allow to soak for 1 to 5 minutes then rinse. For cleaning engines, dilute JACKPOT to 1 in 20. Always rinse the JACKPOT solution off paintwork and metal surfaces before it dries out.

Apply the JACKPOT solution using a spray gun, foam gun, mop or sponge, and scrub lightly, then rinse off or wipe clean using a mop, a clean cloth or a wet vacuum pick-up.

### STRONG & EFFECTIVE

Tackles the toughest dirt, oil and grease

### FOOD PROCESSING FACILITIES

Suitable for use in food processing facilities

### HIGH FOAMING

Clings to vertical surfaces for a better clean

### VERSATILE CLEANER

Able to clean all types of surfaces wherever you find dirt
