CUT THROUGH OILS ON ANY SURFACE WITH **ACTIVE BREAK**

Grease-cutting agents and surfactants to attack and disperse fatty soilage; builders and buffers for water-softening and soil-dispersion with pH control.

LET'S TALK

WHAT IS ACTIVE BREAK?

ACTIVE BREAK is a powerful, non-perfumed cleaner for the removal of fats and oils from walls, floors and equipment in food processing areas. It can be applied by the spray-and-wipe method or by mopping or hand-scrubbing.

ACTIVE BREAK contains ingredients that react with fats and oils to either saponify or emulsify them so they can be rinsed away.

ACTIVE BREAK 5L **ACT5**
ACTIVE BREAK 20L **ACT20**

KEY BENEFITS

HIGHLY REACTIVE
TO REMOVE OILS
