CONCENTRATED POWDER FOR HWE AMAZON G5

AMAZON G5 is easy on pumps, valves and heater elements because it contains corrosion inhibitors to protect metallic surfaces.

LET'S TALK

WHAT IS AMAZON G5?

AMAZON G5 is a concentrated powder detergent for carpet cleaning with hot water extraction machines. It has a very powerful cleaning action that gives brilliant results even on the most heavily soiled carpets.

AMAZON G5 has a multi-faceted cleaning action so that it separates soil from the fibres, disperses solid particles, sequesters hard water ions, dissolves water soluble matter, suspends dirt and saponifies fatty materials.

AMAZON G5 1L **AMA1**
AMAZON G5 10L **AMA10**
