MAKE  
BETTER COFFEE  
WITH A  
CLEAN  
MACHINE!

## Detergent Powder for Espresso Machines

Coffee Machine Cleaner is a detergent powder designed for cleaning the brewing unit in espresso machines. It removes coffee residues from the shower, filter and group handle. It is also excellent for soaking cups, teapots and crockery.

### Key Benefits

- Removes all build-up
- Dissolves brown tannin stains
- Prevents scale build-up
- Fast-acting and easy to use
- Protects your machine, not corrosive to metal and plastic parts
- Will not harm decoration on cups and saucers

**Available in 500g**
